Our boutique luxury home delivering individual care for our residents

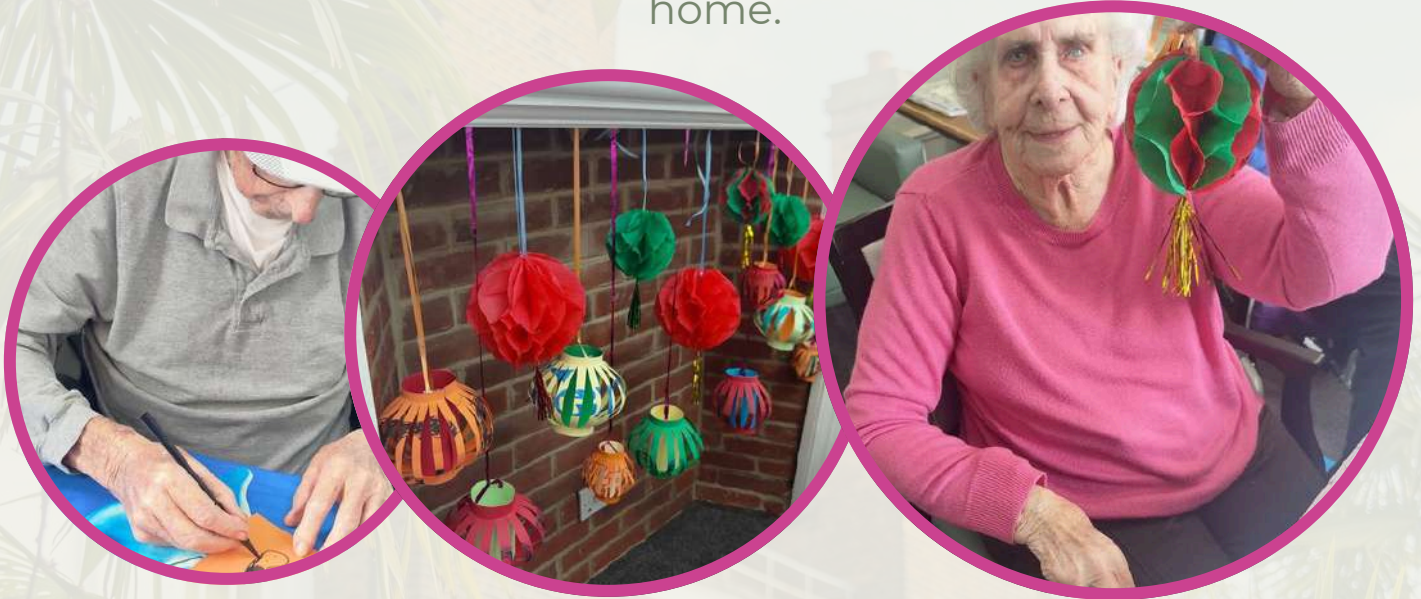

Chinese New Year Celebrations

Once all the beautiful decorations created by our residents were proudly displayed, we were thrilled to welcome live singer Peter, who filled the home with fantastic energy. Residents clapped, sang along, and even got up to dance. The celebrations continued with a special Chinese New Year meal, enjoyed together in wonderful company. It was a lovely couple of days full of music, laughter, and delicious food -a perfect way to celebrate the occasion.

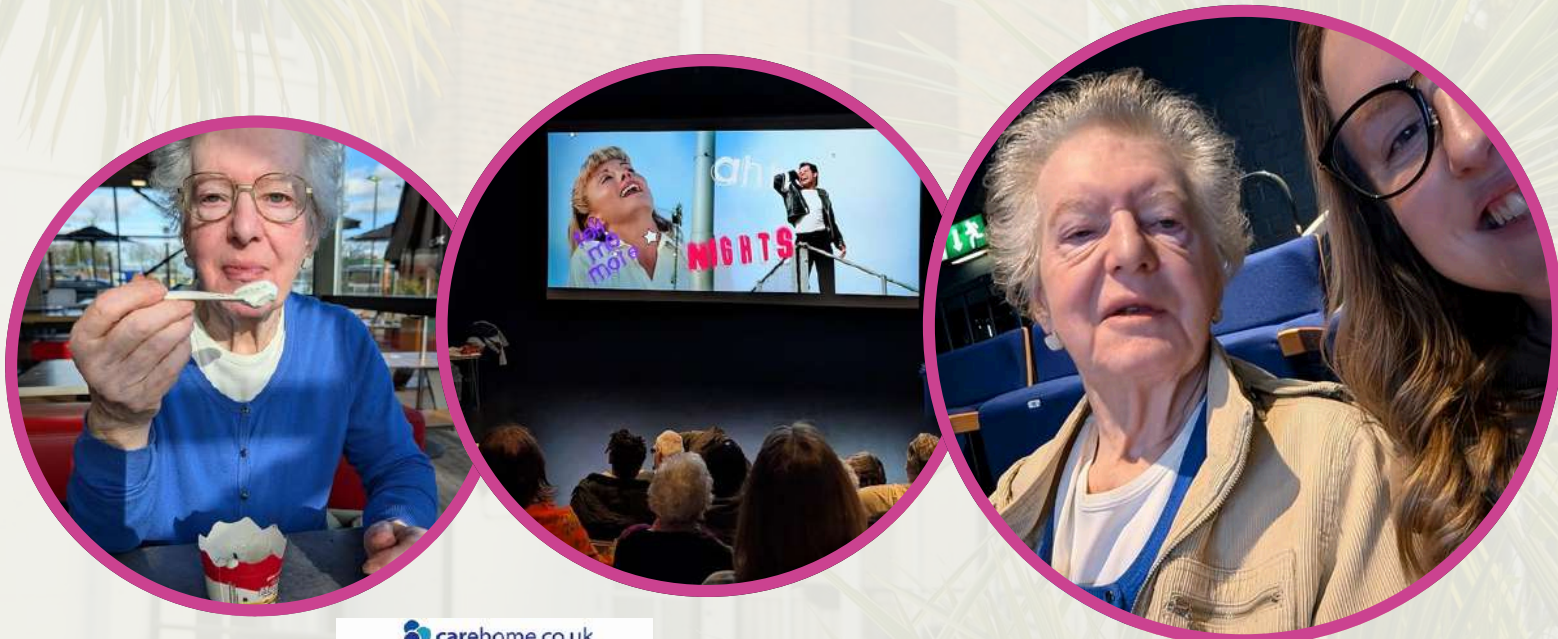

Painting, Folding , Shipping & Hanging

Our residents enjoyed a creative afternoon, crafting stunning lanterns and handmade ornaments to brighten our shared spaces. From precise folding and painting to adding the finishing decorative touches, each piece was made with pride and plenty of smiles. It's wonderful to see their beautiful creations displayed throughout the home.

Ivy had a wonderful day at the movies, watching her favorite film and fully enjoying every moment. She topped it off with a delicious ice cream, making it a truly joyful outing.
