Our boutique luxury home delivering individual care for our residents

Visit To Hopefield Animal Sancturay

We enjoyed a lovely morning taking residents to our local animal sanctuary. For one resident, who was formerly a farmer, it was a truly special experience to share with his daughter while spending time with the animals. Residents met donkeys and horses in the stables, as well as ducks, chickens, geese, and swans around the ponds. In the fields, they saw sheep, goats, pigs, and cows, and even had the chance to see llamas. The visit was rounded off with tea and cake in the café. It was wonderful to support such a valued local charity, run entirely by dedicated volunteers.

The Easter Garden At St Thomas of Canterbury Church Brentwood

Our talented residents created beautiful floral artwork for a display, which was featured in the Easter Garden at St Thomas of Canterbury Church for the whole community to enjoy over the Easter period. The canvas was painted in sections by Maria, and the project was a true team effort, bringing to life the scene "He is risen from the tomb."

The canvas was then taken to the church, where the garden we sponsored was created around the beautiful artwork. During the Easter service, both the Easter garden and painting were blessed by Father Mark.

Some of our residents later visited the garden to see their creation. After lighting candles in reflection, they finished their visit with tea and cake at the church.

Invitation To Our

Open Day
Royal Ascot Garden Party
Thursday 18th June At 11am
